

# The Cot Canopy™

Creating night time *when it's light time*

The Content&Calm Cot Canopy™ is a lightweight portable canopy that fits over all standard cots and travel cots\* to provide the darkness and consistent environment that helps babies and toddlers to sleep well, even when the lights are on, or the sun is streaming through the windows.

Perfect for holidays, weekends away, room sharing, at the child minders...

The clever design allows parents to adapt the level of darkness to whatever suits their baby best. There's an inside layer of darkened mesh that provides a good level of darkness and doubles up as a brilliant insect net. The clever fabric outer layer is lightweight and breathable and provides additional darkness if needed.

Child's play to assemble, in just three simple steps, the canopy attaches to the top of the cot or travel cot and you take your baby in and out in the usual way. Designed with travel in mind, it packs up simply into it's a neat little carry bag.

- see reverse for full **Features & Benefits.**

"The Cot Canopy is brilliant in that it helps parents to maintain consistency and routine, which is really what bringing up a healthy and happy child is all about."

## 10 essential travel buys

Sharing a room with your baby? Invest in this **portable cot canopy** so she can sleep anytime, anywhere. **The Content & Calm Cot Canopy**, comes in a neat carry bag and fits over most standard cots and travel cots.

### Product Features

### Benefits to parents

#### Provides a personal darkened environment

- Protects your baby's sleep routine, wherever and whenever
- Helps your baby to share a room with you, a sibling, other nursery children or a babysitter or child minder – as lights can be kept on while your baby sleeps peacefully in a darkened environment
- No more 5am wake up calls as soon as the sun's up when you're on holiday!
- Avoids bulky blackout blinds that leave everyone in the dark

#### Fully vented

- Keeps your baby comfortable at all times

#### Four upper doors - each can be fully open, closed or meshed

#### Four lower windows - each can be closed or meshed\*

#### Windows and doors have inner darkened mesh plus an outer layer of breathable fabric\*

\*except the back panel which is darkened mesh only to provide consistent and comfortable ventilation.

- Allows easy access to take your baby in and out
- Layers allow you to customise the level of darkness to suit your baby
- The mesh doubles up as a brilliant insect net
- Provides good visibility for parents

#### 3-Step set up

- So easy to use; just minutes to attach the canopy to either a cot or a travel cot to give your baby a home-from-home sleep environment

#### Lightweight and compact (2.8kg) with its own neat carry bag\*

- Perfect for travel, The Cot Canopy can go wherever your baby goes – visiting friends, camping, at nursery, at the crèche, on holiday...
- The smart carry bag fits easily into a suitcase or can be carried as hand luggage

#### Clever 'Let Us Sleep™' fabric

- Durable, breathable, resists tears and damage, and keeps its style without showing marks easily
- Machine washable on cool cycle (30 degrees)

\* Dimensions when packed into carry bag: 45 x 24 x 13.5 cm
